

CARAVAN OF THE SHUHADA

“

**AND AMONG THE BELIEVERS
ARE MEN WHO HAVE BEEN
TRUE TO THEIR COVENANT
WITH ALLAH. OF THEM SOME
HAVE COMPLETED THEIR
VOW” AL-AHZAB:33**

”

Without a doubt, Jihad is the highest of the deeds in Islam after faith, which has its return like no other. The noble Prophet ﷺ was asked about the best of the deeds and he said; “It is to have faith in Allah alone, and Jihad”

The Prophet said: “No one who enters paradise will like to return to the world, even if he could have everything on earth, except for the martyr. He will wish to return to the world and be killed ten more times, due to what he sees of dignity.” (Agreed upon)

Allah (ta’ala) has promised the highest rank for those who fight and gets killed in the cause of Allah: “Those who believe, and suffer exile, and fight in the cause of Allah, with their wealth and lives, have the highest rank in the sight of Allah: They are the people who will achieve salvation.

By the will of Allah, “Voice of Khurasan” intends to bring the stories of the Shuhadha, who have attained the highest in the world and in the hereafter. We wish to incite our believers to the path of Jihad, to the path of Caliphate. In our first issue, we bring to our brothers and sisters a summarized biography of one of our lions, Abdurrahman Logari (taqabala hullah).

Abdurrahman Logari (taqabala hullah) was born to a wealthy family of Afghanistan from the province of Logar in the year of 1996. He was born in Pakistan and spent his whole childhood in Pakistan and completed his higher studies. He completed his higher studies in Islamabad while he had chosen journalism as a career path. He was known as one of the brightest students among his fellow students and often selected to give speeches on international conferences during his higher studies in Islamabad. He was keen on research and had knowledge of important events of the history and current affairs. Apart from his native language of Pashto, he was fluent in Dari, Urdu, English and had a good understanding of the Arabic language.

Abdurrahman Logari had a friendly and helpful character and was described by his brothers as one of the most selfless brothers they have ever met. He had always attended to the needs of other brothers before his own and spent whatever he got from the family for the brothers in need.

In 2016 he moved back to Afghanistan where he met the brothers from the Islamic State in a time when the Wilayath Khurasan was newly formed. Allah bestowed him with hidayah and he made hijrah to the Wilayath and went under his initial training as a Mujahid. He was also proactive on social media fronts where he was giving dawah to various parts of the world to the blessed caliphate and hence assisted numerous foreign speaking brothers and sisters to make hijrah to Iraq, Sham and other Wilayaths of the Islamic State. During his training he enrolled in the section of making explosives, gained knowledge on making explosives and soon were involved in the front

lines against the crusade army of the United States, the government forces of the Afghanistan, Murtad Taliban and various other factions.

He soon developed interest in the isthishadheen and was enlisted among the selected brothers to carry out martyrdom operations. While he was patiently waiting for his turn for the blessed attack, he helped his fellow isthishadheen in recording the final wills and delivering it to their families. There were a few times when he was called up for his mission and having worn the suicide vest, the mission was canceled due to various reasons and had remained. Yet he was firm upon his intentions and dependent upon Allah that his turn would come sooner than later.

In the year of 2017, he was given a mission to go to India for an ishthishaadhee mission approved by the Wilayath Khurasan. One this intention he traveled to New Delhi and got admission in one of the private universities as cover up for his mission. While he did preparations for his mission with the help of a few brothers in the country, by the Qadr of Allah, he was arrested one week prior to his mission when one of his associates were arrested by the Indian intelligence services. He was interrogated in India by the intelligence agencies and handed over to the Taghut government of Afghanistan for prosecution.

He was deported back to Afghanistan where he was further investigated by the CIA in the infamous Bagram Airbase prison. He was then sentenced to 5 years in prison on charges of having links to the Islamic State. After his prison sentence, he was moved to the Pur-e-chalkhi prison of Kabul. While in prison he would relate the stories of his fellow isthishadheen brothers and would often tell he has fallen behind and they have won over him. While he happily accepted the Qadr of Allah, he never backed away from his intention of doing ishthishaadhee when Allah (ta'ala) presents him with the opportunity.

Having coming from a well-respected and wealthy family of Logar province, he faced extreme pressure from his family to give up the path of truth. He was offered freedom, money, and the choice of a partner in exchange for leaving the path of truth. But all praise be to Allah, he stood firm upon the path of Allah and sacrificed every worldly benefit that was thrown at him. Eventually his family severed all ties with him and deprived him with any financial assistance. All these things never fazed him and always would be met with a smile and full of life as he had one intention, to get the pleasure of Allah and meet his lord as a martyr.

He spent his time in prison in facility specially allocated for the brothers of the Islamic State, and he used the opportunity to get closer to Allah and kept to the habit of performing night

prayers, reciting Qur'an and fasting on Mondays and Thursdays even when he was diagnosed with Tuberculosis during the last days of his time in the prison. He was active in giving dawah to the families of brother who comes to visit them during the family visiting days and was deeply loved by all the brothers in the prison. During the fourth year of his sentence, he was moved to the Bagram prison on the request of CIA and was interrogated for 14 days in solitary confinement with regards to martyrdom operations and other attacks happening in Kabul. Later, his sentence was transferred to the Bagram prison until by the Rahma of Allah, all the prison walls of Afghanistan was broken by Allah on August 15, 2021 hence freeing almost 2000 Mujahidheen of the Islamic State and their families.

Crusaders killed in the Kabul Airport Blast by Abdurrahman Taqabbalahullah

After gaining freedom, he opted against going back home to his family and directly requested to be given a mission of ishthishaadhee. 11 days after his release, Allah granted his dua. He with the help of Allah, he had evaded check posts set up by the Murtad Taliban leading to the Kabul International airport where foreign troops and local murtadeen who had helped them during their 20-year stay was rushing to get out from Afghanistan after handing the power to the Taliban on a plate. He had got in to the line of entrance with his vert on, where people were awaiting to get further ahead. He was patiently waiting in one of the queues leading to the entrance of the airport where the US troop personnel had set up check posts before letting people pass through. By the Rahma of Allah (ta'ala) he detonated his vest when one of the troopers came forward to body check him, killing 13 servicemen and numerous amounts of slave murtadeen who have worked for the United States as spies, translators and so on.

“ BY THE HELP OF ALLAH, THE DEATH TOLL HAD RISEN TO MORE THAN 200, MARKING ONE OF THE DARKEST DAYS IN THE RECENT HISTORY FOR THE UNITED STATES ”

By the help of Allah, the death toll had risen to more than 200, marking on of the darkest days in the recent history for the United States and its allies in the war of Afghanistan. We ask Allah (ta'ala) to accept our brother and grant him the highest in Jannah, and give courage fellow Mujahidheen alike and May Allah gather us together in Jannathul Firdaws. Ameen
